

Education

University of Kansas, Lawrence, KS

Bachelor of Science in Human Biology

May 20XX, Anticipated

Shadowing Experience

Dr. Nat Healer, ND

November 20XX

- Observed a naturopathic doctor interact with patients with Hashimoto's disease, otitis media, menopause and joint pain
- Discerned that most sessions did not result in a prescription, which was dissimilar to those with MD's

Dr. Leonard Hurt, MD

August 20XX

- Attended meetings with patients with Bell's palsy, diabetes, and necrotizing fasciitis
- Noted that a competent doctor must be knowledgeable in areas other than medicine to communicate the condition with the patient through analogies

Dr. Wade Haven, OD

July 20XX

- Observed post-operational checkup, adjustment for new prescription, and an eye injury
- Learned that eye patches can exercise the eyes, thereby strengthening the uncovered eye's muscles

Surgery Ward escorted by Dr. Mick Scope, MD, Ph.D.

July 20XX

- Viewed various surgical procedures, such as tonsillectomy, cholecystectomy, prostatectomy, and open heart cardiac bypass
- Discovered that surgery requires a significant amount of teamwork, and relying on others as compared with other disciplines

Tracy Togen, Cardiac Ultrasound Intern

June 20XX

- Calculated ejection fraction for a patient to yield the result of 61% which is within the normal range
- Recognized the difficulty of obtaining acceptable images with certain patients, including those that are injured or obese.

Work Experience

Chemistry Tutor, AAAC Tutoring Services, University of Kansas

January 20XX- December 20XX

- Used concepts like effective atomic number to illustrate reasoning behind trends, such as atomic sizes in the periodic table
- Successfully enhanced 15 students' chemistry grades by 1-2 letter grades after tutoring them in groups during the semester

Office Volunteer, Kansas County Memorial Hospital

May 20XX-July 20XX

- Acquired knowledge that to create harmony between physicians and bill records, office staff must successfully communicate and keep meticulous medical records
- Attended a workshop on the influence of HIPPA and how to protect Personal Health Information (PHI)

Specimen Preparer, Entomology Department, University of Kansas

September 20XX-November 20XX

- Diligently prepared specimens for further study by mounting insects onto points or pinning them and applying labels that indicated time and location of capture
- Gained knowledge of various collecting methods, such as aspirators and nets

Scholastic Honors and Awards

Watkins Hall Member

May 20XX-present

National Society of Collegiate Scholars

February 20XX- present

Watkins Memorial Scholar

August 20XX-present

Summer Medical and Dental Education Program

June 20XX-July 20XX

Science, Technology, Engineering, Mathematics Banquet

March 20XX

Mount Oread Scholar

August 20XX- May 20XX

Community Involvement

Park Clean-Up Volunteer

Humane Society Volunteer

Walk-a-thon Fundraiser

Blood Drive Donor

Planning for College Success

Private Tutoring
